### New CMTA Presenter Policy

Through the years CMTA has been dedicated to have one of the best and most affordable ministry training programs in Southern California. The cost to put together a convention of this caliber has become increasingly more challenging through recent years. Regrettably, we are dispensing our longstanding policy to pay an honorarium to workshop presenters. However, we are happy to continue our policy to offer complimentary registration for presenters and assistants (up to 2 presenters per workshop) and include paid parking for the day(s) of scheduled presentations. ***Exhibitors who present a workshop will not receive a parking honorarium.*** Workshop presenters will be responsible for their own travel and hotel accommodations.

***Note: Please be advised that submission of a workshop proposal form is not a guarantee that your proposed workshop(s) will be selected. However, if selected, presenters are expected to promote their workshop through their personal and professional social media network.***
